BUGGY TOUR

What is Inspiration Tour?

Welcome to our unique Buggy Tour in Plitvice!

The name of our Inspiration Buggy Tour is inspired by the timeless muse of nature, which in the Plitvice Lakes area reveals its boundless strength and enduring beauty. During the tour, you will encounter cultural and historical remnants of past civilizations, showcasing how nature has transcended these elements with its stunning allure.

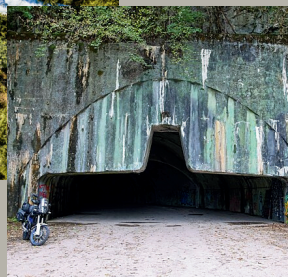

Nikola Tesla, one of history's greatest minds and born near Plitvice Lakes, once said that if you're unsure how to achieve something, observe nature for inspiration and answers.

This tour offers a unique opportunity to witness the clash between human creations and the indomitable power of nature. Experience how nature, God's creation, continuously surpasses everything humans create, with its beauty and power being eternal.

Additionally, we offer exclusive **SUNSET** tours starting at 17:00, providing a breathtaking experience as you watch the sunset over magnificent landscapes, casting a magical glow. Join us and marvel at the incredible beauty and power of the nature that surrounds us.
